

KASHIF ALI

Full-Stack Web Developer

kashif.dev26@gmail.com • Pakistan • my-portfolio-kab.vercel.app • Open to Opportunities

PROFESSIONAL SUMMARY

Motivated and self-driven Full-Stack Web Developer with 3+ years of hands-on experience building scalable web applications. Proficient in the MERN stack (MongoDB, Express, React, Node.js) with additional experience in Next.js, Firebase, and Stripe payment integration. Passionate about clean architecture, performance, and delivering real-world solutions. Continuously learning and expanding skill set to stay current with modern technologies.

TECHNICAL SKILLS

React	Next.js	Node.js	Express
MongoDB	Firebase	Tailwind CSS	Stripe
REST APIs	Git & GitHub	HTML / CSS	Vanilla JS

PROJECTS

The Perfumi

React • Node.js • Express • MongoDB • Tailwind CSS • Stripe

Full-featured e-commerce platform for selling perfumes. Implemented secure JWT-based user authentication, user profiles, shopping cart, order management system, and a comprehensive admin dashboard with inventory controls. Integrated Stripe for real-time payment processing.

The Fighters Hub

HTML • CSS • Vanilla JavaScript

Sports information website displaying MMA and boxing fighters, upcoming fight cards, and latest news. Integrated third-party APIs for live data. Includes a home page, fighters directory, individual fighter detail pages, fights schedule, and a news feed — all with responsive layouts.

Ancient Scroll Portfolio

Next.js • Tailwind CSS • Framer Motion

Unique personal portfolio with a custom ancient scroll theme and smooth page transitions via Framer Motion. Features a custom snake-style progress bar for page navigation levels and interactive navigation controls. Deployed on Vercel.

EXPERIENCE

Freelance Full-Stack Developer | Self-Employed

2024 – Present

- Designed and developed full-stack web applications from concept to deployment using the MERN stack and Next.js.
- Built e-commerce solutions with real payment processing (Stripe), secure authentication, and admin dashboards.

- Integrated third-party APIs to deliver dynamic, data-driven user experiences.
- Managed complete project lifecycle: requirements, UI/UX design, development, testing, and deployment on Vercel.
- Consistently improved code quality and performance through clean architecture and modern best practices.

EDUCATION & CONTINUOUS LEARNING

Self-Taught Full-Stack Developer

3+ years of continuous learning through online platforms, documentation, and project-based practice. Ongoing pursuit of best practices in web development, system design, and emerging technologies.
